

ARRA Repaving Group 1 - News

2/25/10

Funds were made available through the American Recovery and Reinvestment Act (ARRA) to the Tennessee Department of Transportation (TDOT) to provide 100% of over than \$3,000,000 in repaving segments of Southern Avenue and Perkins Ext. in Memphis. The project includes environmental studies, engaged consultant engineering companies, Right of Way and Environmental Certification and other constructions permits. All the requirements for this project were completed by City of Memphis and received an approval from TDOT. City of Memphis was able to meet the deadline ahead of schedule and received Notice to Proceed on February 19, 2010. All Construction Engineering Inspections (CEI) listed on the internet are
